

The Real Estate Leaders

October 3, 2005

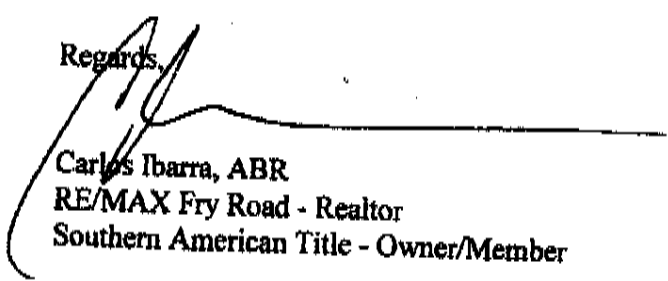

To Whom it May Concern:

I have had the pleasure to work with Evan Wilke on numerous transactions. Evan is always prompt, professional and courteous to all the clients that we have served and more importantly is forth-right and honest.

I would and have recommended Evan to other agents and continue to send him my clients. He goes beyond the call of what the typical loan officer does and his clients benefit far beyond the loan process in doing business with him.

If you would like to reach me for further information, you are welcome to call me at 832.264.2063.
